

In a year like no other, it was the community's resilient spirit that helped us navigate through some very difficult months. Together we provided close to 10,000 additional acts of kindness compared to the year prior. Very quickly we had to learn how to readjust continuously in a manner that best served our community.

As a 100% donor-funded nonprofit organization, we truly relied on our community to help us keep our doors open. Thank you for your strong commitment to our nonprofit during this time. For us, 2020 was a year of resilience, unity and change. Our continued promise is to be here when families need our support the most. Thank you for being a part of making a difference to our neighbors in northeast Dane County.

Without you, there is no Sunshine Place.
Thank you for your support,

Joanna Cervantes & Ann Maastricht
