

2021

ANNUAL REPORT

When faced with another year shaped by the pandemic, the community's perseverance shone through all that was accomplished at Sunshine Place. Time and time again, you stepped up to help us provide our neighbors in need with food, clothing, rental assistance, and so much more. The numbers in this report reflect not only services provided, but a community with unwavering compassion and generosity.

Through this generosity, Sunshine Place has grown to meet the changing needs of the community since our doors opened in 2007. This year's growth included celebrating completion of our Rickel Road facility for increased food recovery and access, as well as creation of the Rays of Hope Emergency Assistance Program to help families avoid eviction and utility disconnection. In partnership with the community, we are committed to providing hope and help to families and individuals facing hardship now and in the future.

Together, we can continue to do so much. Whether you are a donor, a volunteer, or an advocate for Sunshine Place services, your support makes a difference in the lives of those most vulnerable in our community each and every day.

With gratitude,

Ann Maastricht, Executive Director
